

Housing Car Park Resident Permit Terms and Conditions

Who can get a parking permit?

Housing parking permits are available to residents who live in homes that are associated with an off street car park. Please check [My Norwich](#) for further eligibility details.

Permit Usage:

The use of permits is monitored. Where evidence is found that the permit is being used wrongly the permit holder will be given the opportunity to provide a satisfactory explanation of the circumstances or agree actions to rectify the situation. Action will be taken by the council if no satisfactory response is received.

The driver of a vehicle must not allow that vehicle to wait in a marked disabled bay unless the vehicle displays a valid disabled badge and a parking permit for that resident car park. Signage is not required in Disabled Badge bays provided the disabled bay markings are clear and visible.

Vehicles may wait in Resident car parks providing they display a valid permit for that parking place and designed with no more than 15 seats and which weighs no more than 2 tonnes unladen weight.

A permit is not considered valid if the vehicle does not have valid tax. If a vehicle is SORN'd the permit will be deemed invalid.

The issue of a parking permit does not entitle the holder to reservation of any individual parking space except in the case of a parking permit allowing a vehicle to wait within a garage.

A vehicle may wait in the resident's car park in Douro Place and Charles Square without displaying a permit, provided the period does not exceed thirty minutes.

Vehicles may wait in any resident car park for up to 10 minutes to allow the driver to board or alight and/load/unload personal luggage or to collect a visitor's permit. This includes Taxis waiting to collect.

Apart from those car park conditions that apply in item 3.

A maximum number of three PCNs shall be issued to a vehicle in any one week parked continuously in one place at a particular site and in contravention. Vehicles found in this condition are to be reported to a Team Leader who will brief other Officers on the vehicle status until the matter is resolved. Further issuing of PCNs will be on the authority of the Parking Manager or agent.

Refunds, exchanges, lost or damaged permits

If you change your vehicle you will need apply for a vehicle change permit via the Mi Permit system, you will need to provide proof of new vehicle ownership at your address. Changes cost £16.

If you move to another council property where there is a housing scheme car park, you will need to apply for a permit as a new applicant.

Permit validity

Permits are only valid for use in the residents' car park it is issued for.

Entry signs to the car park and signs near each permit parking bay will identify the housing car park.

How Your permit must be used

Resident Housing permits are virtual, however, holding a virtual permit does not guarantee a parking space. If no parking spaces are available, this does not justify a parking contravention elsewhere. Permits are only valid for use on the dates shown on the permit.

How long does it take to process a permit application?

Please allow up to 5 working days from the receipt of your application and the correct documentation being provided to be processed and permit(s) posted to you.

Please note: When making an online permit application, your payment is accepted on the basis that appropriate proof documents have been attached to your application.

Renewal reminders

Our reminder service is provided as a courtesy only, normally 30 days prior to expiry. We strongly recommend that you make a note of when your permits expire as it remains the responsibility of the permit holder to check the expiry date of their permit and renew accordingly.
